Utah Quarter Horse Racing Association

2027 STALLION SERVICE PROGRAM

The proceeds of this auction are a very important source of income used by UQHRA to enhance and protect the Quarter Horse Racing Industry in the state of Utah.

UQHRA Beehive Stallion Service Program Conditions

Stallion Services are donated to UQHRA and the donated services will be offered for sale through the 2027 UQHRA Beehive Online Stallion Service Auction. Information on donated stallions will be published in the major racing publications, on the UQHRA websites and in direct mailings.

As a condition of this contract the stallion owner/donor must agree to the following.

1. Each Stallion owner will provide an owners standard breeding contract signed indicating the donated breeding and sent to the breeding facility so they will be familiar with the donation (if not being donated through the breeding Facility.) The stallion manager is responsible for sending the original breeding contract to the mare owner after purchase.

2. If the stallion is sold or moved to another location anytime during the stallion auction, the donor of the stallion breeding must immediately notify Taylor Johnson with UQHRA.

3. The stallion owner may charge the mare owner for normal mare care charges and other applicable fees such as veterinary fees, semen shipping fees, farm fee/chute fee, etc. **These fees will be paid by the mare owner**.

4. Once the breeding is sold, UQHRA will notify the stallion farm. The contact person's name and phone number of the breeding facility will be given to the purchaser. Breeding arrangements will be made between donor and purchaser. UQHRA is not responsible for booking dates or any additional fees associated with this breeding.

UQHRA Beehive Stallion Service Auction Procedures

In return all foals by the stallion will be eligible for the 2030 Beehive Futurity; Stallion breed must sell for eligibility.

It is understood that 70% of the UQHRA Stallion Auction net income will be added to the 2030 Beehive Futurity.

Each donated breeding will be offered for sale online at www.uqhrastallionauction.com. If a stallion stands at Private Treaty or is syndicated, an "established" breeding fee will be determined. In order for a bid to be considered, it must be at least fifty percent (50%) of the advertised or established breeding fee. Any breeding not sold when initial bidding closes on January 22, 2027 will be offered on a first-come, first-serve basis for 50% of the advertised breeding fee or the minimum bid specified for the online auction. At its discretion, UQHRA may accept bids at less than 50% for stallions selling after February 1st and prior to April 1, 2027. Donated breed's will be offered until sold or April 1, 2027.

A stallion owner/donor may purchase their own stallion service at fifty percent (50%) of the advertised or "established" breeding fee if the breeding has not sold by April 1st in order to make their stallion eligible for the Beehive Futurity. This is not mandatory.

Breedings are for the 2027 season only. Any carryover to conditions. As these are donated and promotional breedings, there is no guarantee of a "live foal". The term live foal" means that the foal resulting from the breeding stands alone, nurses, and lives for 24 hours. Should the mare not produce a "live foal", the stallion owner will grant the right to the mare owner to rebreed the mare ONLY as long as the stallion is standing at the ranch advertised in this catalog, and is still living. If the stallion moves to another ranch, or if the stallion dies prior to the next breeding season, the ranch listed in this catalog and the stallion owner will have no further responsibility, nor will monies be refunded.

Please include a copy of the breeding. Email photo of stallion for the website to uqhrastallionauction@gmail.com. Complete forms can be mailed to: 3256 S. 4700 W. Ogden, Utah 84401. Questions can be directed to Taylor Johnson 801-791-2637

Utah Quarter Horse Racing Association
